Basic Guide
- Martinique -

A playground for sailboats, its breathtakingly beautiful landscapes will leave you speechless!

GETTING THERE

The meeting location will be in front of the restaurant "L'Annexe" located at the *Marina du Marin*. You can plan your taxi ride accordingly, as the marina is approximately a 45 minutes drive from both Aimé Césaire International Airport and downtown Fort-de-France. Taxis are always available at the airport.

ON SITE

You will sail on Wanders, an Excess 11 (37 feet) catamaran with 4 cabins for our guests and crew.
3 double cabins are available for a maximum of 6 guests.

INSURANCE

<u>An essential before leaving</u>
Make sure you have travel insurance for every member of your group.

For a worry-free trip, we highly recommend taking out travel insurance. Comprehensive coverage can protect you against accidents, repatriation, flight and hotel cancellations, trip interruptions, and lost luggage.

MARTINIQUE

THE ESSENTIALS

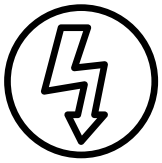

Please use soft bags for your luggage, as hard-shell suitcases are very bulky and inconvenient on board. At the risk of leaving your suitcase on the dock.

The currency used in Martinique is the Euro. Prioritize using a credit card for your purchases.

Free Wi-Fi is available at the marina. Staying connected is easy with plenty of Wi-Fi zones in restaurants and cafes, although the connection can vary from place to place. Offshore, it will obviously be more difficult to stay connected.

On land, the voltage is 220V. Bring a universal adapter. The catamaran has solar panels and the voltage is set to 110V.

Don't forget your textbook for the course!

Remember to inform us about any types of allergies or health problems you may have that would require special attention. Don't forget your Epipen!

A PLEASANT WEATHER

Martinique has a tropical climate, tempered by maritime influences. There are two seasons: a dry season called "***carême***" which runs from January to June and a wet season called "***hivernage***" which runs from July to December. The average temperature is 27 °C and there is small difference between the hottest months (from 25 °C to 32 °C) and the coldest months (from 23 °C to 29 °C). The best time of year to visit Martinique is from late December to late March, with a peak score in the first week of February.

WINDS

From January to April, the northeast trade winds blow consistently and with moderate intensity. There are two transitional periods: from mid-November to early January (when the northeast wind begins to blow, the temperature drops slightly, and the weather improves) and from mid-April to mid-June (when both the temperature and the frequency of showers gradually increase).

YOUR LUGGAGE

WHAT TO BRING?

Here is an exhaustive checklist of things to remember for your trip as well as some suggestions.

- Passeport. Also remember to always have a photocopy of your passport with you, stored in a different place than the passport itself. We also advise you to take a photo of your passport with your cell phone;
- Plan tickets;
- Travel insurance;
- Wallet with:
  - Money;
  - Credit card(s);
  - Boating license;
  - Diving certification;
- Travel guide: Routard or Lonely Planet;
